Sustainability Report

- Staff members have discussed how to reduce our carbon footprint and manage water waste and will receive a copy of our sustainability performance report when targets are fulfilled.
- Reports and updated memos are sent to staff via email and practice messaging system to reduce paper waste.
- Patient appointment cards are designed to hold a number of appointments.
- We have a large paper and cardboard recycling bin which is collected by Reading Borough council fortnightly.
- Energy saving bulbs are used throughout the practice.
- Each surgery is equipped with its own electrical circuit which is powered down at non-working hours to avoid waste of electricity during the night.
- Double glazed windows are fitted throughout the practice to reduce heat emissions.
- Waste is sorted and disposed of accordingly.
- Staff are given training in waste management as well as optimum use of electricity and water.
